## ■ INTRODUCTION

I am a motivated leader and teacher seeking opportunities to use the skills I've developed over the last decade in the non-profit world. I have a passion and gifting for teaching and mentoring others, and I am always seeking new, creative ways to advocate against injustice. My experience has helped me develop acumen in leading teams of people and training them. I am well trained in theology and philosophy, and love engaging others in related subjects. I am a quick learner and very teachable, ready to learn new ways to apply my knowledge and skills. I would love to be able to join an organization where I can come alongside others ready to advance the kingdom of God in word and deed.
